Care with confidence!
Your future in support starts today.

Certificate III in Individual Support (Ageing and Disability)

CHC33021 | 118987E

This course prepares you to work in community, home, or residential care settings as part of a supportive team. You'll learn how to follow individualised care plans and provide person-centred support to people who may need assistance due to ageing, disability, or other reasons.

Throughout the course, you'll gain practical skills and knowledge to deliver safe and respectful care, while developing the confidence to take responsibility within your role. With a mix of hands-on training and theory, you'll be ready to start a rewarding career in aged care, disability support, or community services.
